

Dear Parents, carers and children

It was very quiet in school today and the school just doesn't feel the same without you all.

On Friday we were expecting to have almost 70 children in school this morning. I would like to thank those who decided to keep their children at home instead of sending them in. We had 19 children in total. If you are thinking 'Should my child be in school?' Please take a look at the table below. That should help you decide.

During the day today the staff have been delivering work packs to children and families that were not in school on Friday. If you haven't received these yet, **DON'T PANIC!** it will be delivered tomorrow.

It has been really lovely seeing the things that you have been up to today. Many parents have shared on Twitter. We are in the process of setting up a special email account that you can send pictures and updates to. Watch this space.

This morning we started to learn a song. We are hoping that you will join with us

at home and have a go at learning it. We thought it was quite apt 'We all stand together'

This YouTube video has the words and music

<https://www.youtube.com/watch?v=7urHWAsul24> and this one has just the music and a

video the children loved watching this morning.

<https://www.youtube.com/watch?v=PcDVH8DiBnM>

We may not be together but 'We All Stand Together' #TeamStLens.

Take care and stay safe

Marie Burgess

Headteacher
